

# COMPANY PROFILE

**CIM med® stands for Cable Integrated Mounting Systems, and med for the environment in which our systems find their application.**

CIM med GmbH was founded in 2007.

With vision and strategy have our engineers developed a mounting system that raises new standards in hospitals' critical care areas concerning ergonomics, safety, and hygiene.

Today we are one of the leading manufacturers of medical mounting solutions serving over 900 customers worldwide.

# Our Principles

---

## **The passion to stand out**

We are dedicated to raising the standards of bedside care in critical care areas.

## **Innovating for our partners**

We devote ourselves to pursuing new ways of offering added value to our OEM customers' core products whilst improving the end users' and patients' experience.

## **Empowering people**

We give our employees the space to grow through education and by providing opportunities to contribute to the company's success.

## **Sustainability**

We accept our responsibilities to future generations and the planet by employing all the best working practices for a greener future.

# Milestones

# Our Service Offer

With a 360° service we offer added value throughout our customers' competence areas.

## Design & Engineering

Working together with optimal results.

## Project Management

We assist our customers in completing their projects worldwide and offer installation services to smooth the way.

## Production

Achieving the highest standards in quality assurance whilst hitting on-time-delivery.

## Supply Chain Management

Warehousing and supply chain management guarantee just-in-time deliveries.

# Partnering with CIM med

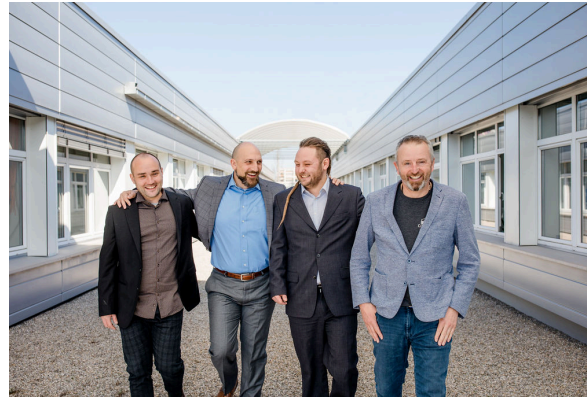

Our partnerships are shaped by:

## Trust

Our partnerships are based on honesty, integrity, and a shared vision.

## Extensive Industry Experience

Together our team has over “100” years of experience and our management can look back at a 20 years experience in the medical field.

## Market Leadership

Our expertise and curiosity to break new ground makes us the perfect partner for OEMs.

# Product features in short

Medical grade mounting solutions offering the highest level of infection control.

## Cable integrated mounts

Creating the highest hygienic and aesthetic environment whilst preventing cable damage.

## The best in market for hygiene control

Independent test results show CIM med arms to be at least 4 times better for hygiene control than GCX and other competitors.

## TÜV validated

Independently tested by the world renowned test house and matching EN 60601-1, 3rd Edition standards.

## Zero maintenance

guaranteed maintenance-free operation during the 5-years warranty.

## 4-fold/ 6-fold safety factor

Achieving the highest safety level in the market.

## Flowing ergonomics

Requiring minimum effort to attain perfect positioning.

## Space saving

Neat. Tidy. Practical.

## Position flexibility

Offering full range of movements for ultimate viewing angles.

## Precision engineering

screens remain level at all times and float upon the gas spring.

We are the first manufacturer of medical mounting solutions that offer the **patented full cable integration**.

As one of the first companies we fulfil the requirements of the new **ISO 13485:2016** standard.

Our S-series has been rated as the **best in the category of medical technology** by the **INDUSTRIEPREIS AWARD TEAM** in 2017.

An independent microbiological test laboratory confirms that our support arm holds 4 times less bacteria after wipe disinfection compared to 6 like-for-like products.

*(Dr. Brünke, MTC Microbiological Testing Competence, Report Nr. 2018-0007 vom 28.02.2018)*

# Facts & Figures

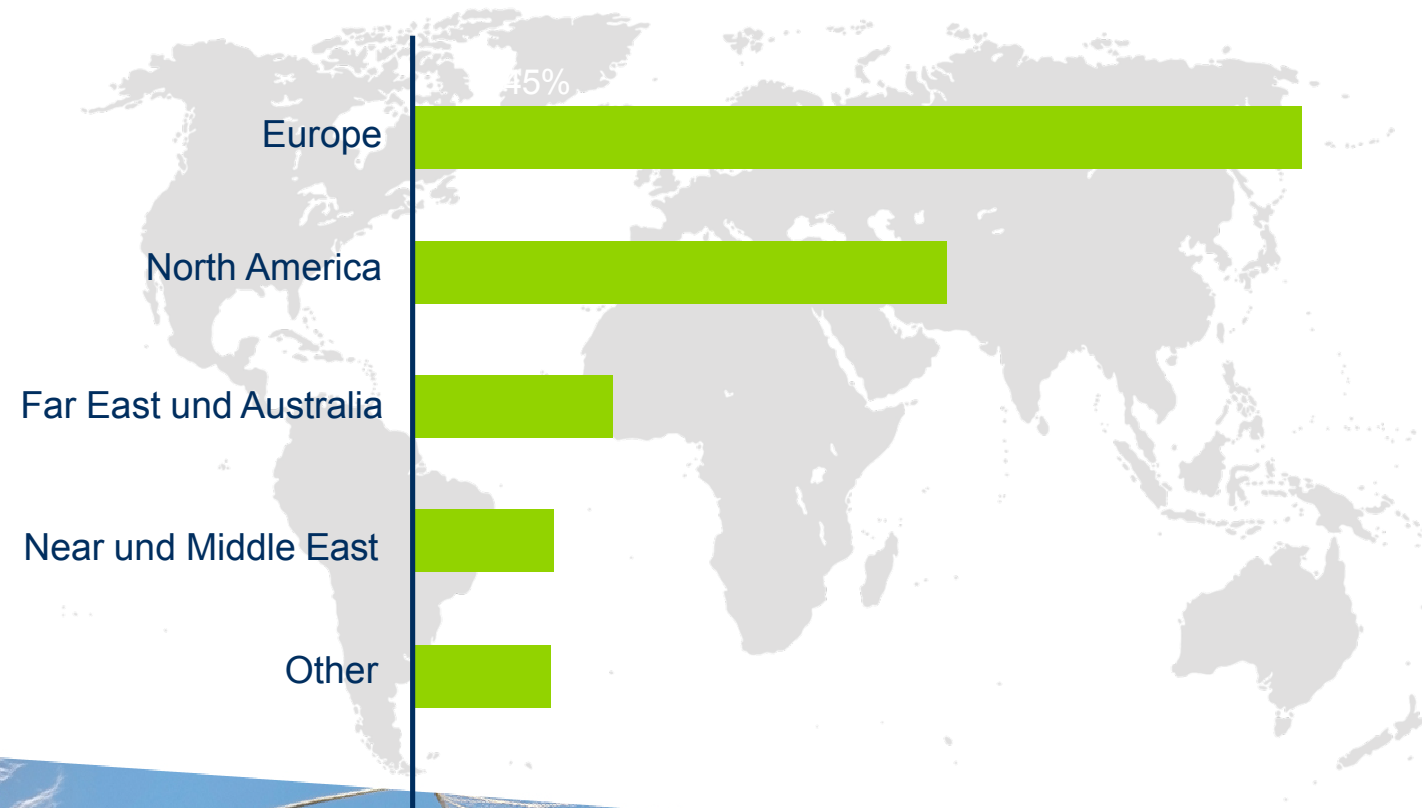

With a team of **42 full-time employees** we achieved a turnover of **16 mio. EURO in 2021** covering the following regions:

42

16 Mio. €
